III. Funding of the Individual Trust Account: The Beneficiary's Individual Trust Account must be funded with the Beneficiary's own assets. A transfer of the Beneficiary's assets after the Beneficiary reaches the age of sixty-five (65) could be subject to a period of ineligibility for SSI and/or Medicaid benefits. While there is no age restriction for Beneficiaries of the Trust, an Account Founder should seek legal advice prior to establishing and/or transferring a Beneficiary's assets after he or she has reached the age of sixty-five (65).

_____ (*initials*) This Individual Trust Account is being established with the proceeds from a settlement approved by the _____ County Superior Court. A copy of the Order that approves the settlement and the Order that directs the settlement proceeds to this Trust are attached to this Joinder Agreement.

_____ (*initials*) This Individual Trust Account is being established with the proceeds from a wrongful death or other action, which was intended to compensate the Beneficiary for the

loss of financial parental support. A copy of the Order that directs the proceeds to this Trust is attached to this Joinder Agreement.

IV. Disbursement Plan: The Account Founder recognizes that all disbursements are discretionary, as directed by the Trustee. To assist the Trustee in making these decisions, please answer the following:

A. Anticipated expenses of Beneficiary: _____

B. Anticipated Duration of Trust: _____

C. Anticipated Future Funds to be Contributed: _____

V. Disposition Plan:

A. Disposition if Termination Prior to Death of Beneficiary. Neither the Beneficiary nor the Account Founder has a right to terminate or revoke an Individual Trust Account in the BIAWA Pooled First Party Special Needs Trust. However, an Individual Trust Account may be terminated by the Trustee if the Beneficiary is no longer disabled. If the Beneficiary's Individual Trust Account is terminated during his or her lifetime, it may be transferred to another pooled asset trust having the same requirements as this Trust. If not, every state that has provided Medicaid benefits to the Beneficiary will first be reimbursed for up to what they have spent in care. If anything is left after Medicaid reimbursement, it will be distributed directly to the Beneficiary, after payment of taxes and administrative expenses.

B. Distribution on Death of Beneficiary. If funds remain in the Individual Trust Account when the Beneficiary dies, the remaining funds will be paid in the following order:

1. Taxes and other reasonable fees and costs for administration of the Individual Trust Account will be paid first;
2. The Account Founder and/or the Beneficiary or his or her legal representative, if any, may leave some or all of the remaining funds in the Beneficiary's Individual Trust Account to be held for the benefit of other beneficiaries of the BIAWA Pooled First Party Special Needs Trust. See Paragraph V(C) below;
3. Every state that has provided Medicaid benefits to the Beneficiary will be reimbursed for up to the amount they have spent on the Beneficiary's care;
4. Supplemental funeral and burial expenses; and
5. If any funds remain, they will be passed to the Final Remainder Beneficiaries. See Paragraph V(D) below.

C. Optional Percentage for Other Trust Beneficiaries. The Account Founder and/or the Beneficiary or his or her legal representative, if any, may choose to have some or all of the funds remaining in the Beneficiary's Individual Trust Account be retained by the Trustee and held in the BIAWA Pooled First Party Special Needs Trust for the benefit of other beneficiaries. The Trustee will determine the timing and amount paid to the other beneficiaries. If the Account Founder and/or the Beneficiary or his or her legal representative, if any, make this choice, the percentage designated will not be available to reimburse Medicaid for what it has paid for the Beneficiary's care and will not be available for distribution under a Will, a Power of Appointment, or the laws of Intestate Succession. If the Account Founder and the Beneficiary or his or her legal representative, if any, disagree upon a choice under this Paragraph V(C), the choice of the Beneficiary or his or her legal representative, if any, shall control.

Percentage Retained by Trust for Other Beneficiaries: _____%

D. Final Remainder Beneficiaries. When the Beneficiary dies, if anything remains in the Individual Trust Account after the optional percentage chosen above to be retained by the Trustee for the benefit of other BIAWA Pooled First Party Special Needs Trust beneficiaries, and after every state that has provided Medicaid to you has been reimbursed, the Trust provides as follows:

1. If the Beneficiary has executed a valid Will or Power of Appointment, the balance of the Individual Trust Account shall be distributed in accordance with the provisions of such Will or Power.
2. If the Beneficiary has not executed a valid Will or Power of Appointment, the balance of the Individual Trust Account shall be distributed in accordance with

the laws of Intestate Succession for the state in which the Beneficiary resides at the date of his or her death.

E. Locating Final Remainder Beneficiaries. The Account Founder acknowledges that the Trustee may incur additional costs if Final Remainder Beneficiaries of the Individual Trust Account cannot be located easily. The Account Founder acknowledges and agrees that entities representing the Trustee may recover their reasonable costs and expenses associated with locating such beneficiaries from the Individual Trust Account prior to disbursement pursuant to the provisions above.

F. Custodial Account for Minor Beneficiaries. Except as provided in Paragraph V(F) below, in the event that any remainder beneficiary is under the age of eighteen (18) years, then any assets that would otherwise pass to that minor beneficiary shall instead be held in a Custodial Account for the minor pursuant to the Trust terms. You may designate a Custodian to serve below. If no Custodian is designated, the BIAWA will designated the custodian.

G. Trust for Remainder Beneficiaries. The Account Founder may, but is not required to, direct that a remainder beneficiary's share be held in an Individual Trust Account in the

BIAWA Basic Support and Maintenance Trust until the remainder beneficiary reaches a certain age. The age is to be determined by the Account Founder. To make such a direction complete the following:

_____ (*initials*) In the event a remainder beneficiary of the Individual Trust Account has not yet reached _____ years of age, his or her share shall be held in an Individual Trust Account in the BIAWA Basic Support and Maintenance Trust for the benefit of the remainder beneficiary until he or she reaches _____ years of age.

VI. Fees: _____ (*initials*) The Account Founder agrees to the payment of the enrollment fee, trustee fees, disbursement fees, and annual tax filing fees set forth in the Trustee's Fee Schedule, which is attached hereto as Schedule A, from the Individual Trust Account. The Trustee's Fee Schedule may be amended from time to time. The Trustee will provide written notice of such change. The Trustee is authorized to charge any and all fees set forth on Schedule A to the Beneficiary's Individual Trust Account. Fees are non-refundable.

VII. Amendment of Joinder Agreement: The provisions of this Joinder Agreement may be amended as the Account Founder, the Trustee, and the Beneficiary or his or her legal representative, if any, may jointly agree, so long as such amendment is consistent with the BIAWA Pooled First Party Special Needs Trust and applicable law.

VIII. Disclosure Regarding Taxes:

A. The Account Founder and the Beneficiary or his or her legal representative, if any, acknowledge that the Trustee has made no representation to the Account Founder that contributions to the BIAWA Pooled First Party Special Needs Trust are deductible as charitable gifts or otherwise.

B. The Account Founder and the Beneficiary or his or her legal representative, if any, acknowledge that the Trustee has made no representation as to the estate, gift, or income tax consequences of contributing funds to the BIAWA Pooled First Party Special Needs Trust and that the Account Founder and the Beneficiary or his or her legal representative, if any, have been advised to seek independent legal and tax advice with respect to establishing an Individual Trust Account and execution of this Joinder Agreement.

C. Individual Trust Account income, whether paid in cash or distributed in other property, may be taxable to the Beneficiary subject to applicable exemptions and deductions. It is recommended that the Account Founder and the Beneficiary or his or her legal representative, if any, seek professional tax advice. The Trustee shall pay any such income tax liability of the Beneficiary that is reported on the Beneficiary's income tax return(s), provided that such an amount is specified in writing and delivered to the Trustee. The funds used to pay such tax liability shall be paid by the Trustee either directly to the appropriate tax authority or, if the Beneficiary has paid such tax liability, the Trustee may in its discretion reimburse the Beneficiary.

D. Individual Trust Account income may be taxable to the Individual Trust Account, and when this is the case, such taxes shall be payable from the applicable Individual Trust Account.

IX. Acknowledgement: The Account Founder and the Beneficiary or his or her legal representative, if any, acknowledge that they have been advised to have the BIAWA Pooled First Party Special Needs Trust and this Joinder Agreement reviewed by his or her own attorney prior to the execution of this Joinder Agreement. In addition to and not in limitation of the provisions of the BIAWA Pooled First Party Special Needs Trust, the Account Founder and the Beneficiary or his or her legal representative, if any, agree to the following:

The Account Founder further acknowledges that after the funding of the Individual Trust Account, the Account Founder shall have no further interest in and does thereby relinquish and release all rights in, control over, and all incidents of ownership of any kind or nature in and to the contributed assets and all income and appreciation thereon.

C. The Account Founder and the Beneficiary or his or her legal representative, if any, acknowledge that past performance of the Trust does not guarantee future results, and that current performance of the Trust may be lower or higher than past data presented.

D. The Account Founder and the Beneficiary or his or her legal representative, if any, acknowledge that investments carry inherent risk and that the investments within an Individual Trust Account may lose value.

E. The Account Founder and the Beneficiary or his or her legal representative, if any, represent, warrant, and agree that they have not been provided with, nor are they relying on, any representation of or any legal advice by the Trustee, its agents, employees or representatives, in deciding to execute this Joinder Agreement.

F. The Account Founder and the Beneficiary or his or her legal representative, if any, further represent, warrant, and agree:
